

## **Strengthening Security & Business Continuity Together!**

At Access Bank (SL) Ltd., we are committed to excellence, security, and resilience in all our operations. As part of our continuous efforts to uphold ISO/IEC 27001:2022 (Information Security Management) and ISO 22301:2019 (Business Continuity Management), we invite all stakeholders—including customers, vendors, and partners—to align with our security and continuity initiatives.

### **Our Commitment**

- ✓ Ensuring effective security and business continuity measures that comply with legal, regulatory, and contractual requirements.
- ✓ Embedding robust policies, processes, and controls to protect confidentiality, integrity, and availability of information.
- ✓ Encouraging all stakeholders to adopt best security and continuity practices in line with international standards.

### **Our Information Security & Business Continuity Objectives**

- ◆ 100% Protection of customers' confidential information.
- ◆ 100% Awareness to build a culture of security and resilience across the organization.
- ◆ 90% Assurance of recovering and restoring critical business processes within target recovery objectives.

### **What This Means for You**

- ◆ Your data is secure, and services remain uninterrupted.
- ◆ Compliance with our security policies ensures a trusted partnership.
- ◆ Our adherence to international standards guarantees industry-leading security.

### **Your Role in Security & Resilience**

- ✓ Adhere to the security and continuity requirements outlined in agreements.
- ✓ Participate in awareness programs and audits, where applicable.
- ✓ Report risks or concerns that could impact our shared objectives.
